

## Custom Leather Workroom Price List

### Swags

All swags are figured by the hide. Hides are \$160.00 each. Each swag uses 2 hides and covers a maximum of 60", so the price is \$320 each.

Each jabot takes one hide per 36" of length and is \$160 each.

We can now add length in 1/2 hide increments as well as whole hide.

To figure the width, divide finished width by 60" and round up.

*New Item!* Farm Deer. Extra large hides, almost flawless. Comes in white, palamino, saddle, mahogany, chocolate, and black.

Increases the possible finished width on a swag from 60" to 80". Increases the possible length on the jabot's to 60". May be used on sq. footage as well. The price for each hide is \$210 per hide and \$80 per sq. ft. for lined and \$75 for sunlined.

\* All other window treatments and accessories are figured by the Square foot. \$60 for lined and \$55 for unlined. There is a 3% cash discount on all purchases.\*

### Formulas for figuring sq. footage are:

(Add 12" for every pleat)

Romans:  $FW \times (L+8) = \text{___} \div 144 = \text{___} \text{ sq.ft.} \times \$55 \text{ or } \$60$

Panels:  $W \times 1.5 = \text{___} \times L = \text{___} \div 144 = \text{sq.ft.} \times \$55 \text{ or } \$60$

Pleated Valance:  $W \times 2 = \text{___} \times L = \text{___} \div 144 = \text{sq.ft.} \times \$55 \text{ or } \$60$

Scarf Swag:  $W \times L = \text{sq.ft.} \times \$55 \text{ or } \$60$

(32" is the smallest width possible, this gives you 4 folds. For each extra fold add 8" in width)
